BIBLE STUDIES

For parallel studies we again use '**Mark - Follow Me**' by James Hoover in the *Life Guide Bible Study Series*. These were used in Term 1 of 2025 and 2026. This series fill in the gaps.

Copies are available in the CPC foyer. If you are able to cover the cost of your booklet, please place \$12 in an appropriately marked envelope or transfer with a reference of, 'Bible Study Book.'

The studies do not line up perfectly with the sermons and a couple of the sermons are in the school holidays. Each group can adapt in the way that suits them. Here are brief details of the overlapping studies to assist you with working out your approach.

Study Number	Study Title	Study Passage
15	Tempting Questions	11:27 - 12:27
16	An End to Questions	12:28-44
17	Keep Watch	13:1-37
18	The Betrayer Approaches	14:1-42

Studies 15 and 16 cover the first three Sundays' passages. The first four questions of Study 18 cover the final preaching passage in the sermon series.

This short series will conclude our walk through Mark over the last 18 months. If your group hasn't already done so, you may wish to cover the remaining couple of studies in the final weeks of August. See the comments below.

THEN WHAT?

On the three Sundays, 16-30 August, will have three stand-alone sermons from three different preachers. There will *not* be parallel studies provided for these weeks. These weeks could be used to wrap up the Mark studies, or spend extra time in sharing and praying, or whatever is appropriate for your group.

Sundays in September and October will see us looking at 'The Big Picture' with parallel studies available for group or individual use.
